PROFESSIONAL SUMMARY

I am a dedicated student at ICT College, aiming to become a proficient full-stack web developer. Currently, I excel in frontend development, leveraging my knowledge and skills to create responsive and user-friendly web applications. I gained practical experience during a one-month internship at Endava, where I honed my abilities in real-world projects. I am committed to continuous learning and development, with a strong foundation in web technologies and a passion for building innovative solutions.

AREAS OF EXPERTISE

HTML	Responsive design	Testing/Debugging
CSS	SASS/LESS	React
JavaScript	Git	Cross-Browser Compatibility

PROFESSIONAL EXPERIENCE

Endava - Belgrade

Sep 2022 - Oct 2022

Intern - Fullstack Application Development

During a one-month internship at Endava, I was developing a 'Clients-Appointments Application' in which the user could manage their list of clients and their list of appointments with those clients. Both were loaded and stored using an API. Endava is a provider of software engineering, technology consulting, and test automation services. The company offers application development and management, digital media, testing, infrastructure management and cloud services.
